

WEST LONDON CAREERS HUB

A Year in Review

It's been a phenomenal first year for the West London Careers Hub.
Read about some of our favourite moments:

West London Cornerstone Employer group formed

The West London Careers Hub Cornerstone Working Group was established, consisting of Flannery, Slenky, Willmott Dixon Interiors, Suntory Beverage and Food GBI, Hillingdon Council, and SCULPT. Representatives from each organisation have been meeting regularly with the Hub to identify and tackle strategic objectives across the seven boroughs we work in.

Celebrating success at the GLA Careers Educators' Conference

We celebrated the achievements of outstanding individuals and schools within our network:

- Mark Haviland, Enterprise Adviser for Belvue School, who won the Careers Champion award for West London.
- Meadow High School, Hillingdon, winners of the Best Careers Programme 2022 award.

4th Dimension Leaders visit

We hosted teachers from 4th Dimension Leaders, who travelled to the UK from Delaware, USA, to learn more about how British schools incorporate careers education learning into the curriculum. During their visit, they were able to meet a number of schools, including the Ellen Wilkinson School for Girls (Ealing) and Global Academy (Hillingdon).

Training and CPD

We have run a range of CPD events to enable Careers Leaders and Enterprise Advisers to further develop their knowledge and awareness of contemporary careers education, and the resources available to support them. These included an 'Ask the Experts' session on the new digital platform Compass+, and our networking event for Enterprise Advisers held at the Hilton London Wembley.

New Enterprise Advisers

Since January 2022, we have welcomed over 50 new Enterprise Advisers, representing different organisation sizes and sectors, from tech start-ups to civil service and sports. Their knowledge and insights into industry have helped inspire students, as well as develop strategic programme delivery at schools. Thank you!

Our work with schools

From career journey talks to mock interviews, our Enterprise Coordinators are proud to have supported the delivery of a range of activities at schools to help them achieve different Gatsby Benchmarks. They have also collaborated with Careers Leaders and members of Senior Leadership to grow employer engagement networks, and develop careers education strategies to benefit ever more students.
